Elementary Distance Learning Plan - Daily Lesson Plans

Dear Coventry Elementary Families,

This is week eight of our Distance Learning Plans. Coventry Public Schools would like to thank all the parents and caregivers for participating in the new endeavor. It is certainly not easy being an educator and a parent (working or not) during these unpredictable and challenging times. We want you to know that Coventry Public Schools is here to support you in whatever way we can. Please reach out to us if you need anything. Your child's teacher or principal can connect you to the help you may need.

Wanting to help keep the employees of Coventry Public Schools from coming into the schools, we have changed our distance learning plans to being all digital now. There is only one option on the plans. If there are any issues with your family using an all digital approach, please reach out to the teacher and we will do whatever we can to assist in getting you over the hurdles. It is our commitment to continue the learning for your children. **We have also changed the lesson plan format below to make it more user friendly for parents as well as shifting to weekly lesson plans versus two weeks of lessons.**

Again, we appreciate your commitment to this process and look forward to another great week! If your child is unable to do schoolwork on a particular day due to illness, please use this [form](#) to mark them absent.

Take care,

Coventry Schools Administrative Team

Intent: Plan is designed so that students do not fall significantly behind during the period away from school. Activities are interactive and students should complete assignments, but not necessarily in the presence of an adult. The goal is to ensure academic progress in the core academic areas. The sample home schedule will show you an example of a predictable day (next page).

● **Responsibility of the parent/guardian:**

- A designated school work time in a space that is free of distraction.
- Students are ready for instruction at the time designated as academic time and make every effort to complete school assignments.
- Notify teachers of difficulty and or concerns by email.

- **Responsibility of the students:**
 - To do the work provided by their teachers to the best of their ability.
- **Daily Structure:** Many families have asked what the days at home should look like. A predictable day will help students stay on track and feel secure. The plans from teachers are put together using the daily sample set-up shown below to help provide a routine to multiple learning days with family at home. **Of course this schedule is just a suggestion.** We do recommend some type of schedule so students know what their role is during a distant learning day.
